(b) Except as provided in subdivision (c), a commission may order any material change in the provisions or the terms and conditions of the consolidation or reorganization, as set forth in the proposals of the local agencies. The commission shall direct the executive officer to give each subject agency mailed notice of any change prior to ordering a change. The application of any provision of this subdivision may be waived by consent of all of the subject agencies.

(c) The commission shall not order a material change in the provisions of a consolidation or reorganization, as set forth in the proposals of the local agencies pursuant to subdivision (a), that would add or delete districts without the written consent of the applicant local agencies.

(Amended by Stats. 2012, Ch. 62, Sec. 8. Effective January 1, 2013.)

56853.5. (a) In the case of an expedited reorganization, notwithstanding any provision of this division or the Community Services District Law (Division 3 (commencing with Section 61000) of Title 6), unless the governing body of the subject agency files a resolution of objection with the commission before the close of the hearing held pursuant to Section 56666, the commission may approve, disapprove, or conditionally approve, the expedited reorganization. 56856.5. (a) The commission shall not approve or conditionally approve a change of organization or reorganization that would result in the annexation to a city or special district of territory that is subject to a contract entered into pursuant to the California Land Conservation Act of 1965 (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1), other than a contract entered into pursuant to Article 7 (commencing with Section 51296) of Chapter 7 of Part 1 of Division 1, if that city or special district provides or would provide facilities or services related to sewers, nonagricultural water, or streets and roads to the territory, unless these facilities or services benefit land uses that are allowed under the contract.

(b) This section shall not be construed to preclude the annexation of territory for the purpose of using other facilities or services provided by the agency that benefit land uses allowable under the contract.

(c) Notwithstanding subdivision (a), the commission may nevertheless approve a change of organization or reorganization if it finds any of the following:

(1) The city or county that would administer the contract after annexation has adopted policies and feasible implementation measures applicable to the subject territory ensuring the continuation of agricultural use and other uses allowable under the contract on a long-term basis.

(2) The change of organization or reorganization encourages and provides planned, well-ordered, and efficient urban development patterns that include appropriate consideration of the preservation of open-space lands within those urban development patterns.

(3) The change of organization or reorganization is necessary to provide services to planned, well-ordered, and efficient urban development patterns that include appropriate consideration of the preservation of open-space lands within those urban development patterns.

(d) This section shall not apply to territory subject to a contract for which either of the following applies:

(1) A notice of nonrenewal has been served pursuant to Section 51245, if the annexing agency agrees that no services will actually be provided by it for use during the remaining life of the contract for land uses or activities not allowed under the contract.

(2) A tentative cancellation has been approved pursuant to Section 51282.

(Added by Stats. 2002, Ch. 614, Sec. 6. Effective January 1, 2003.)

56857. (a) Upon receipt by the commission of a proposed change of organization or reorganization that includes the annexation of territory to any district, if the proposal is not filed by the district to which annexation of territory is proposed, the executive officer shall place the proposal on the agenda for the next commission meeting for information purposes only and shall transmit a copy of the proposal to any district to which an annexation of territory is requested.

(b) No later than 60 days after the date that the proposal is on the commission's meeting agenda in accordance with subdivision (a), any district to which annexation of territory is proposed may adopt and transmit to the commission a resolution requesting termination of the proceedings. The resolution requesting termination of the proceedings shall be based upon written findings supported by substantial evidence in the record that the request is justified by a financial or service related concern. Prior to the commission's termination of proceedings pursuant to subdivision (c), the resolution is subject to judicial review.

(c) If any district to which annexation of territory is proposed has adopted and transmitted to the commission a resolution requesting termination of proceedings within the time period prescribed by, and in accordance with, subdivision (b), and if the commission has not been served with notice that judicial review of that resolution is being sought pursuant to subdivision (b), then the commission shall terminate the proceedings no sooner than 30 days from receipt of the resolution from the district.

(d) For purposes of an annexation to a district pursuant to this section or Section 56668.3:

(1) "Financial concerns" means that the proposed uses within the territory proposed to be annexed do not have the capacity to provide sufficient taxes, fees, and charges, including connection fees, if any, to pay for the full cost of providing services, including capital costs. Cost allocation shall be based on generally accepted

accounting principles and shall be subject to all constitutional and statutory limitations on the amount of the tax, fee, or charge.

(2) "Service concerns" means that a district will not have the ability to provide the services that are the subject of the application to the territory proposed to be annexed without imposing level of service reductions on existing and planned future uses in the district's current service area. "Service concerns" does not include a situation when a district has the ability to provide the services or the services will be available prior to the time that services will be required.

(3) A district may make findings regarding financial or service concerns based on information provided in the application and any additional information provided to the district by the commission or the applicant that is relevant to determining the adequacy of existing and planned future services to meet the probable future needs of the territory. Findings related to service or financial concerns may be based on an urban water management plan, capital improvement plan, financial statement, comprehensive annual financial report, integrated resource management plan, or other information related to the ability of a district to provide services.

(4) Nothing in this section shall be construed to create a right or entitlement to water service or any specific level of water service.

(5) Nothing in this section is intended to change existing law concerning a district's obligation to provide water service to its existing customers or to any potential future customers.

(e) This section shall not apply if all districts to which annexation of territory is proposed have adopted and transmitted to the commission a resolution supporting the proposed change of organization or reorganization.
