SERGEANT'S SUMMARY:

The Police Department met with KPD retirees and updated their firearms qualifications and ID cards. I would also like to recognize the good job being done by Field Training Officers Martinez, Barrow, Stegman, and Wilson. Their efforts have been crucial to the success at maintaining a high level of service to residents and preparing the Reserve trainees to operate in the District. With all our efforts, we still need the assistance of residents to successfully close cases as they occur. In addition to the training of new officers, maintaining patrol responsibilities, they continue to complete their collateral duties efficiently.

Recently daytime residential burglaries increased. Due to the aggressive nature of these burglaries, door kicks, I would like to urge residents who are home

during the day to call in suspicious vehicles and people. If someone knocks on your door purporting to sell something or state they have the wrong address, I urge you to contact police so we can make contact with that person.

SERGEANT'S SUMMARY:

Over the course of the past several months, I have noticed an increase in the percentage of residential burglaries where exterior doors have been forced open. Please make sure that your door locks are properly installed. Many of the lock manufacturers specify the use of 2.5" to 3" screws to fasten the strike plates onto the door jamb. I have seen several instances where short screws were used to attach the strike plates. Although the longer screws may not prevent a door from being kicked in, they do significantly increase the amount of effort required to force open a door.

•• Chief Harman

An update on the on going traffic issues in the community.

Following the March 10th KPPCSD Board meeting, in which the Board directed Jerry Fahy of the County's Public Works Department to install the solar powered radar sign at 34 Arlington, Samane Nili contacted the Contra Costa County Public Works Director in protest, halting the installation. Ms. Nili had a scheduled meeting with the Public Works Director set for March 21st to discuss her concerns.

On March 24th, I was informed by Jerry Fahy that he was instructed to look at two other possible locations for the sign, which he intended to do the week of March 28th. He indicated that once he investigates other possible locations and meets with the Public Works Director and Supervisor John Gioia, he will provide me an update on the radar sign.

As you can see from the Sergeant's reports, we are continuing with our traffic enforcement efforts with 201 traffic citations issued during the month.

Officer Ramos has successfully completed his 80-hours POST certified Motorcycle Officer training course. This course is the most difficult POST course to successfully complete in law enforcement. Congratulations Manny!

Officer Ramos will begin a short field motor training program with a motor officer from another police department before going out on motor traffic enforcement duties in Kensington.

The residents from the Franciscan & Sunset area are setting up a meeting to voice their concerns regarding traffic enforcement in their area. This meeting is being set up to be held sometime in May. Those that wish to attend, please contact me for the date, time, and location as it becomes available.
